May 3, 1842

SIR,—The wife of a person residing in St John's Green, in this place, writes me to say that she has since told me that previous to her husband's violent attack of the Gout, which sometimes lasts up for weeks and months together, but since taking them, the last six years he has never been troubled with it, and only requires one dose of your Pills yearly. I have seen the husband since (Yesterday May 2nd, 1842), and he told me the same exact story, and moreover says, he never takes any other medicine.

I can assure you, is not a solitary instance. Unquestionably find them do good whenever I have sent them. The parties say they shall be happy to give any information in their power, as public benefit.

I am, Sir, yours respectfully,

J. W. BAYD,
Chemist, Post Office, Richmond, Surrey.

The testimonials of the astonishing efficacy of Cairn's Gout and Rheumatic Pills are universally accompanied by the fact, that no inconvenience or effort attends its administration; but that the patient, without feeling the operation of the medicine, is universally relieved.

This has been experienced previous to being afflicted with this disease; and in all cases of acute suffering, great relief is obtained in a few hours after commencing the use of the Pills.
